## Minutes / Meeting of EAA Chapter 595 Rio Grande Valley

EAA Chapter 595 meeting was a Byron & Betty Engle's house in Harlingen. There were 10 people present; 8 members and 2 guests, so quorum was again not met, therefore no business was discussed. Much discussion was had about all the world's problems were presented, cussed & discussed and solutions were found for all the problems.

Larry & Norma Wheelock had to leave early, so everyone adjourned to the workshop to see the "Longest Gestation Period for any Homebuilt Airplane in the Civilized World" and how it was progressing.

The subject is Byron's Turner Super T-40A project and the Corvair engine he has assembled for it.

The membership thought it was a really pretty engine; Byron thanked them and hopes it will run. After ½ hour of gawking, everyone went inside for the refreshments and most were satisfied (FYI-Schwanke loves raspberry anything).

Some discussion about the Kerrville Fly-In, May 10 & 11, Byron has volunteered to park airplanes for 2 hours on the 10<sup>th</sup> from 12:30 to 2:30 p.m.

The next meet n' eat will be May 18<sup>th</sup>, 2014 in Edinburg at La Parrilla restaurant on the corner of Chapin & Closner (Business 83) at 1:30 p.m.

The June 2014 meeting will be back at the Schwanke Mansion Sunday, June 1<sup>st</sup> at 2:00 p.m. The July meeting will be at the same (mansion) place, but on Sunday July 13 because the 6<sup>th</sup> falls just after the 4<sup>th</sup> of July. Who knows, maybe Schwanke will have flown by then.

Submitted by (acting) secretary/nle,  
Byron Engle
